Bollé Safety Letters of Compliance available upon request.

### TECHNOLOGIES

#### bcsp

This innovating coating is an effective solution for all activities that alternate exposure to bright light and low light, while also being suitable for extreme hot and cold temperature environments.

BCSP is also combined with the exclusive PLATINUM® coating that sustainably combats fogging.

#### PLATINUM

The new exclusive scratch and fog resistant PLATINUM® coating guarantees even more safety, reliability and comfort. Washable (water and soap), this permanent coating applied on both sides of the lens makes it highly scratch resistant and durably delays the appearance of fogging.

### CHARACTERISTICS

CHARACTERISTICS	
LENSES	PC - 2.2 mm - Curve 8
FRAME	-
TEMPLES	PC + TPR
STRAP	Nylon/15mm/Adjustable
SPARE LENSES	No

### CLEANING AND STORAGE

**CLEANING:** The lenses should be cleaned regularly. Bollé Safety recommends only using the B-clean lens cleaning system.

**MAINTENANCE:** Pitted, scratched or damaged lenses must be replaced by replacing the complete product. If the frame is damaged also replace the complete product. After each use it is recommended to keep the spectacles or goggles in a microfiber pouch or rigid case.

**STORAGE:** All products must be stored in a dry and clean environment.
